## OVERVIEW

Before the Spice Girls became THE Spice Girls, they were just ordinary women looking for ways to make their lives more meaningful. And look at where they are now. The group's Cinderella story is probably the most compelling rise to stardom ever seen in the entertainment industry. Pretty impressive given this was before the world wide web and wireless communication became mainstream. Imagine if during the Spice Girls'

The group's Cinderella story is probably the most compelling rise to stardom ever seen in the entertainment industry. Pretty impressive given this was before the world wide web and wireless communication became mainstream. Imagine if during the Spice Girls' heyday the Internet culture and mobile phone medium had been as big as they are right now. Imagine if their songs could have been downloaded to your phone - rather than just being the biggest girl band of all time they would have been totally unstoppable.

It was a hard climb but by the time the 90's queens of pop were on top of the world, everything seems to go their way. Here's a timeline of the Spice Girls' colourful history:
